RE: Support for The Mental Health Reform Act of 2016

Dear Senator Alexander and Senator Murray:

The Mental Health Liaison Group (MHLG)- a coalition of national organizations representing consumers/patients, family members, advocates, professionals and providers- is writing to express our support for the Mental Health Reform Act. It is our hope that this important bipartisan measure will be joined with key Senate Finance Committee Medicaid and Medicare behavioral health reforms during Senate floor consideration.

The Mental Health Reform Act makes balanced and judicious amendments to laws governing the Substance Abuse and Mental Health Services Administration (SAMHSA). By formalizing the partnership between SAMHSA and the HHS Assistant Secretary for Planning and Evaluation (ASPE) while explicitly authorizing a strategic planning process, the HELP Committee measure strengthens SAMHSA's ability to coordinate policy across both HHS and other executive branch agencies. The Inter-departmental Serious Mental Illness Coordinating Committee could make a major contribution in this same area. It is MHLG's fervent hope that this body will be as effective as the Interagency Autism Coordinating Committee (IACC) in galvanizing federal resources and multi-agency action.

The Mental Health Reform Act also provides authorizing legislation for a wide array of critically important initiatives including Grants for Jail Diversion, Primary Care Behavioral Health Integration (PBCHI) Grants (as one aspect of achieving full integrated medical-behavioral care in all settings), the National Suicide Prevention Lifeline, and the HRSA-SAMHSA Mental and Behavioral Health Training Program. Provisions of the HELP Committee package that would strengthen enforcement of the Mental Health Parity and Addiction Equity Act are also vitally important to help improve health insurance plan compliance and increase patients' access to mental health care.

(over)

National organizations representing consumers, family members, advocates, professionals and providers
c/o Laurel Stine, J.D., American Psychological Association at lstine@apa.org
and Debbie Plotnick, MSS, MLSP, Mental Health America at dplotnick@mentalhealthamerica.net

Again, we appreciate the hard bipartisan work that went into producing the Mental Health Reform Act. We look forward to working with the HELP Committee closely as the legislative process unfolds.

Sincerely,
